

TEMPORARY CLOSURE BEGINNING 3/16

SwimCenter instituted a temporary closure in response to the COVID-19 outbreak, effective March 16. Later that day, the State of Connecticut mandated that all gyms/fitness centers close until further notice by 8PM that evening.

While we understand the importance of Swim Center in our members' daily lives, we also understand the need to slow the spread of the virus and thus the rationale behind the State's order.

Membership dues will not be billed for anyone with a renewal date after 3/15 until we have a firm re-opening date. We will adjust expiration dates and/or amounts due for all members according to contract terms once we have a re-open date.

At this point we cannot anticipate when we will reopen, as that depends on the spread of the virus and decisions by state officials. Please visit www.swimcenter.net for updates.
